County Permitting Goes Digital!

For projects big and small, the Planning Department is making it easier to apply for permits by increasing online services and switching to electronic plan review, or ePlans. The process is designed to eliminate appointments, waiting, paper and getting stuck in traffic, and makes it easier to make changes without having to reprint entire sets of drawings. Their goal is to switch everyone over to ePlans as soon as possible after September 1. A user guide is available at <http://sceplanreview.santacruzcounty.us>, which includes links to FAQs and helpful videos.
