## New MLS App Puts the MLS in Your Pocket

MLSListings is proud to introduce MLS-Touch, a new mobile app that allows you to take the MLS with you into the field. It's like having a user-friendly version of Matrix with built-in client communication features in your pocket. MLS-Touch is packed with the features you've been asking for all in one app! Available on Google Play & App Store – free! [Find training options and more details here](#)

---

## Learn the Science of Santa Cruz

The seventh in our SCCP series will discuss the main areas in the County of biological sensitivity, species protection, and protected species; “Work-around” solutions when developing sites with animal or plant protection; earthquakes, faulting and landslides. Class can be taken independently of series for \$20. Class date: Friday, September 22 at 9:30 am. [Register here](#)
